

# TRANSFORMING LIVES

## Helping Children Look Themselves and Live Their Lives!

When you become a Hair Donation Specialist or a Certified Service Provider, you become part of our mission to help children look and feel like themselves again.

Hair loss in children damages self-esteem, which can negatively impact every aspect of a child's life.

Our team is dedicated to building relationships with the families we serve, and working together towards the shared goal of restoring each child's hope and happiness.

# TESTIMONIALS

I have met some amazing clients because of my connection with WFK. From harvesting ponytails to fitting hair systems **every client has touched my heart and they remind me why I love what I do!**

I believe that my journey as a Cosmetologist has led me to be a part of Wigs For Kids because **I am able to make a difference in my community and surrounding areas just by doing what I love!**

Since partnering with Wigs for Kids as a Hair Donation Specialist I have gained new clients, met more people in the community and grown my business.

# ABOUT WIGS FOR KIDS

Over 40 years of service

Each and every day, Wigs For Kids relies on the generosity of stylists across the country, whether they are performing donation cuts or working directly with recipient families. They share their time, talent, and expertise to make life better for kids dealing with hair loss.

Each year, more and more families apply for our services, which are always provided at no cost to them.

This means our need for hair donations, financial donations, and stylists to help our kids also continues to increase.

# CUTTING PONYTAILS

Hair Donation Specialist (HDS)

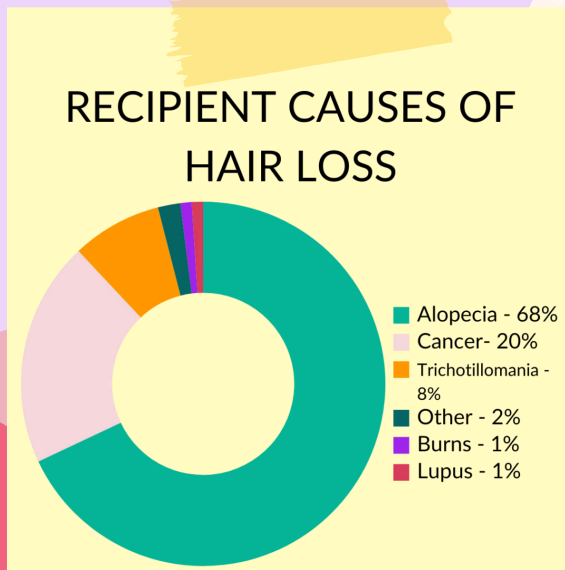

HDS Stylists work with hair donors to maximize the impact of their donation.

They ensure all ponytails meet our requirements so they can be transformed into hand-tied hairpieces specially created for each recipient child.

# HELPING OUR KIDS

Certified Service Provider (CSP)

CSP stylists work directly with our recipient children.

They meet the families prior to hairpiece creation to take measurements and determine the proper cap size, hair length, and color for the hairpiece.

After the hairpiece has been created, they meet with the families again to perform the cut-in and styling.

All along the way, they provide support, expertise, and comfort to the children we serve.
